Mind Maps and Brainstorming

A mind map is a picture of your thoughts. You start with a main idea in the middle and draw lines to show other ideas connected to it. It helps you see how different ideas are related.

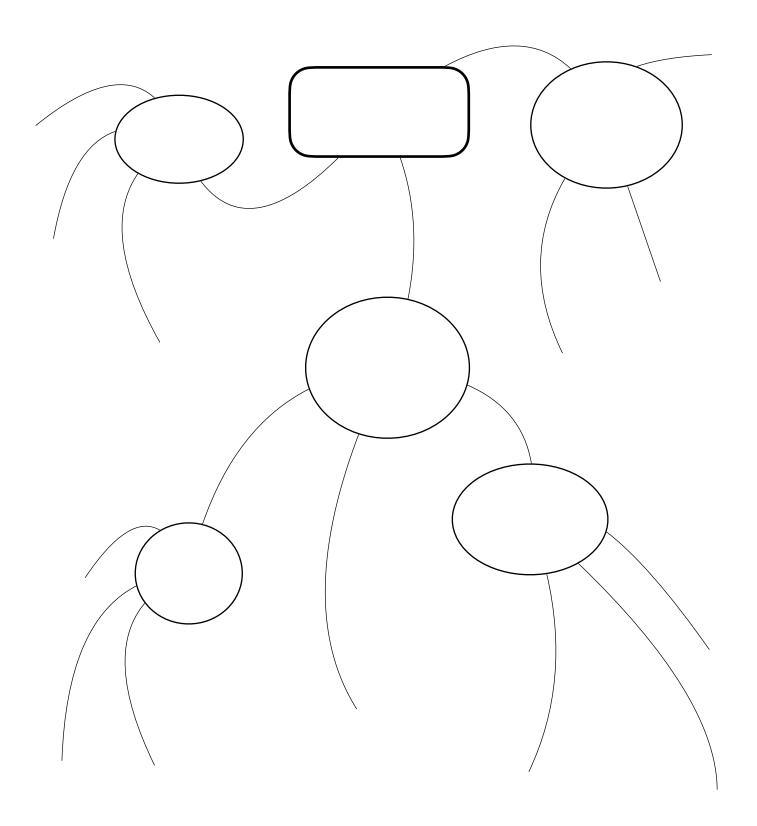

Brainstorming is when you think of many ideas quickly. You don't worry if they're good or bad. It's like a big idea party where everyone shares their thoughts.

You can use mind maps and brainstorming together to organize your ideas. First, you make a mind map with your main idea. Then, you brainstorm to add more ideas. It's a fun and creative way to think of new things!

Mind Map

Start with your first idea. Connect related ideas. Connect more ideas to each connected idea.

Homework

Let's prepare some slides for our presentations!

Will you use Powerpoint? Keynote? Google Slides?

If you can, bring a notebook computer next week!

Next week:

<u>Visual language</u>

Creating a stimulating presentation that supports the speaker without causing distraction

My family	A famous person from my country
My daily routine	My favorite subject in school
My favorite food	A place I like to visit in my city or town
My pet or my favorite animal	A traditional dish or food from my culture
A holiday or festival celebrated in my country	A memorable day
A hobby or activity I enjoy	A dream for the future

Adventure	Hollywood
Cuisine	Designer
Budget	Exercise
Stadium	Teacher
Forest	Guitar
Ancient	Creativity
Robots	Friend
